

For the first time in Canadian history, three Meeting Professionals International (MPI) Chapters (Toronto, Montreal & Quebec, and Ottawa) have joined together to offer their members an opportunity to attain cutting edge innovative meeting industry education. Bringing together three unique communities will give event participants the chance to expand network circles and create new business relationships, all while strengthening existing ones.

To ensure optimal success, the EVENT is seeking Strategic Partners for its inaugural event on April 12-14, 2018 in Ottawa, Ontario. Keep an eye on our [EVENT website](#) for full event details.

The EVENT will be open to all MPI members as well as non-members. Registration will be made available to all MPI members; however we expect the primary participation to come from the 3 host Chapters, which alone combine for over a 1,000 members. The EVENT will strive for a 50/50 planner to supplier participant ratio. Our planner professionals represent the association, government, corporate, and independent markets, while our supplier professionals represent hotels, convention centers, audio-visual, tourism bureaus, and more.

#### WHY PARTNER WITH THE EVENT?

The EVENT will offer a wide range of unique, on-site opportunities to capture the attention of participants. This is an opportunity to showcase your organization in a creative environment as the EVENT will walk the line between innovation and disruption, by utilizing various peer to peer learning techniques and technology, creative meeting room designs, tried and true and new session formats, all with the intent of encouraging participants to COLLABORATE with industry peers, CULTIVATE new ideas, and ELEVATE the meeting industry as a whole.

#### WHY MPI?

MPI is the leading global association committed to defining the future of the meeting and event industry. MPI empowers its members with personal and professional excellence by providing them with superior education, research, professional development and networking opportunities. Your partnership can help make this goal a success.

As a Strategic Partner, you'll be embraced in the "Buy MPI" approach. Our members believe in working with companies they know and trust, and fellow members and supporters of MPI are valued based on the knowledge that they share the same goals and principles. ### **DISCLAIMERS**

1. *The details of the partnership level are subject to change for the subsequent years.*

\*By supporting braindating, it shows your organization's alignment with collaborative learning, one of the backbone elements of the EVENT.

**How does braindating work?** E-180 guides event participants and partners' representatives through completing their profiles, requiring them to share their offers and requests for knowledge in a one on one format. If they prefer, they can also share knowledge in the form of a group braindate to a maximum of 4 other people. Event participants can browse or search the full marketplace of offers, requests and group braindates, and then book meetings with fellow participants on the online braindating platform. On a braindate, because participants know exactly what they will be talking about (i.e. not just "Leadership", but specifically "How to improve your leadership skills through mediation."), they can dive into a fruitful conversation right away. At the time of the scheduled braindate, the attendees meet at the Braindating Lounge, where professional matchmakers are waiting for them, with a time---sorted list and profile pictures of all the matches in hand! Meanwhile, as braindates are taking place, the braindating platform will collect incredibly useful data through its real---time dashboard, which provides a wealth of information on who met who and what topic they discussed during their braindate.

As a Strategic Partner of the EVENT, you have the first opportunity to contribute to the Help a Planner Out Scholarship Fund which will be made available to those in the MPI Planner community that would like to attend the inaugural EVENT but require financial assistance to do so. A selection process will be implemented to ensure Planner recipients are qualified and meet the criteria outlined by the EVENT committee.

As official registration goes live for the EVENT in the fall, all participants will also have the opportunity to contribute to the Scholarship Fund.

Your \$500 (per person) investment covers the Planner recipient's registration fee as well as access to an exclusive reception to recognize those Partners who contributed to the Scholarship Fund as well as all recipients.

In recognition of your contributions to the Scholarship, you will receive:

- Organization's logo on the Planner recipients attendee identification
- Public acknowledgment of support by Emcee
- Special recognition in EVENT communications (social media, event photos)
- Access to Partner Scholarship Fund Reception (invite only)

In-kind partnerships are also welcomed, however the service or product being offered must be deemed by the Executive to be a value add for the EVENT and all in-kind partnerships must be

approved in writing. All associated costs (i.e. labour, shipping, setup fees) with the in-kind offering will be the responsibility of the in-kind Partner.

In-kind Partners will not be granted any podium time but will receive the following benefits if the value of your product or service is higher than \$5,000. Other benefits may be available depending on the value of the sponsorship.
